

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the “Directors”) of LI BAO GE GROUP LIMITED (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the Growth Enterprise Market of the Stock Exchange (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

Prospects

The successful listing of the Group on the GEM of the Stock Exchange marks a major milestone as well as a new chapter of the Company. Due to the uncertainties of the Hong Kong economy, the Directors anticipate that the Group's business will face various challenges in the foreseeable future. The Group's key risk exposures and uncertainties are summarised as follows:

- (i) the Group's future success relies heavily on its ability to constantly offer menu items, creatively-designed banquet and dining services based on changing market trends and changing tastes, dietary habits, expectations and other preferences of the Group's target customers. As such, significant costs of surveying and researching customer trends and preferences and developing and marketing new menu items, banquet and dining services may be required, this may place substantial strain on the Group's managerial and financial resources;
- (ii) the Group may fail to obtain leases for desirable locations for new restaurants or fail to renew existing leases on commercially acceptable terms, which would have a material adverse effect on the Group's business and future development;
- (iii) the operation of the Group may be affected by the price of the food ingredients, including the price of the imported food ingredients which will be affected by the floating of the foreign currencies; and
- (iv) there may be labour shortages in the future and competition for qualified individuals in the food and beverage industry may be intense.

For other risks and uncertainties facing the Group, please refer to the section headed "Risk Factors" in the Prospectus.

Nonetheless, the management of the Company is confident that the Group can succeed and enhance the shareholders' value, based on the years of experience of the senior management of the Company in managing Chinese restaurant business in Hong Kong and its business strategies as detailed below.

Going forward, the Group's objective is to become a reputable multi-brand restaurant group with a diverse customer base in Hong Kong and the PRC to provide Cantonese and Jingchuanhu cuisines, Chinese banquet and dining services for large-scale events. The Group will continue to utilise its available resources to implement its business strategies, namely, expansion in Hong Kong with multi-brand strategy, progressive expansion in the PRC market, continuing promotion of brand image and recognition through marketing initiatives, enhancement of existing restaurant facilities and strengthening of staff training aiming to attract more new customers. The Group will also consider the expansion of its catering business into other types of cuisines when opportunities arise, taking into account of the Group's available resources, with the aim of optimizing the return to its Shareholders.

Save as disclosed under the subsection headed "Disclosure of Interests" above, at no time during the six months ended 30 June 2017 was the Company or any of its subsidiaries, or any of its fellow subsidiaries, a party to any arrangement to enable the Directors or chief executives of the Company (including their spouses or children under 18 years of age) to have any right to subscribe for securities of the Company or any of its associated corporations as defined in the SFO or to acquire benefits by means of acquisition of shares in, or debentures of, the Company or any other body corporate.

Directors' and Controlling Shareholders' Interests in Competing Business

On 10 January 2017, the Company was notified by Ms. Chan Josephine Wai Sze ("**Ms. Chan**"), a close associate of Mr. Chan, that Ms. Chan was offered by Mr. Tsang Kwok Hing ("**Mr. Tsang**") to acquire 60% issued shares of Profit Shiner Investment Limited (the "**Business Opportunity**"). Given the business of Profit Shiner Investment Limited may compete with the business of the Group, the Group was given a right of first refusal (the "**Right of First Refusal**") to take up the business opportunity (the "**Business Opportunity**") in accordance with the Deed of Non-Competition.

On 13 February 2017 (after trading hours), the Company has resolved to exercise the Right of First Refusal. On the same date, Keen Nation Limited, an indirect wholly-owned subsidiary of the Company, entered into a sale and purchase agreement with Mr. Tsang, pursuant to which Mr. Tsang conditionally agreed to sell and Keen Nation Limited conditionally agreed to acquire, 180,000 ordinary shares of Profit Shiner Investment Limited at the consideration of HK\$1,800,000, which shall be satisfied by internal resources of the Group in the form of cash (the "**Proposed Acquisition**"). The acquisition agreement had lapsed on 31 May 2017 and the Group did not proceed with the Proposed Acquisition. The Business Opportunity was not taken up by Ms. Chan either.

For further details of the Proposed Acquisition, the exercise of Right of First Refusal and the termination of the Proposed Acquisition, please refer to the announcements of the Company dated 13 February 2017, 17 February 2017 and 31 May 2017, respectively.

Save as disclosed above, during the six months ended 30 June 2017 and up to the date of this interim report, none of the Directors or any of their respective associates, engaged in any business that competes or may compete with the business of the Group, or has any other conflict of interest with the Group.

Corporate Governance

The Company's corporate governance practices are based on the principles and code provisions as set out in the Corporate Governance Code and Corporate Governance Report (the "**Code**") in Appendix 15 of the GEM Listing Rules. For the six months ended 30 June 2017, to the best knowledge of the Board, the Company has complied with all the applicable code provisions set out in the Code, except for certain deviations as specified with considered reasons for such deviations as explained below.

Under Code Provision A.2.1 of the Code, the roles of the chairman and chief executive officer should be separated and should not be performed by the same individual.

During the six months ended 30 June 2017, the Company did not separate the roles of chairman and chief executive officer of the Company. Mr. Chan was the chairman and also the chief executive officer of the Company responsible for overseeing the operations of the Group during the Period. In view of the fact that Mr. Chan has been operating and managing the Group since 1998, the Board believed that it was in the best interests of the Group to have Mr. Chan taking up both roles for effective management and business development. The Board also believed that vesting the roles of both chairman and chief executive officer in the same person had the benefit of ensuring the consistent leadership within the Group and enables more effective and efficient overall strategic planning for the Group. Although Mr. Chan performed both roles of chairman and chief executive officer, the division of responsibilities between the two roles was clearly established. While the chairman was responsible for supervising the functions and performance of the Board, the chief executive officer was responsible for the management of the Group's business. The Board considered that the balance of power and authority for the present arrangement would not be impaired given the appropriate delegation of the power of the Board to the Senior Management for the day-to-day management of the Group, and the effective functions of the independent non-executive Directors representing at least one-third of the Board such that no individual had unfettered power of decisions. This structure would also enable the Company to make and implement decisions promptly and effectively. The Board will continue to review and consider splitting the roles of chairman of the Board and chief executive officer of the Company at a time when it is appropriate and suitable by taking into account the circumstances of the Group as a whole.

Code of Conduct for Securities Transactions by Directors

The Company has adopted the required standard of dealings set out in Rules 5.48 to 5.67 of the GEM Listing Rules as the code of conduct regarding securities transactions by Directors in respect of the shares of the Company (the "**Code of Conduct**"). The Company has made specific enquiry to all Directors, and all Directors have confirmed that they have fully complied with the required standard of dealings set out in the Code of Conduct during the six months ended 30 June 2017.
