

## **PAX Launches the New Generation PINpad, the Q30**

**(Hong Kong, PRC, 30<sup>th</sup> November 2017)** PAX Global Technology Limited (“PAX” or the “Company”, together with its subsidiaries collectively known as the “Group”, HKSE stock code: 00327.HK), one of the world’s leading electronic payment terminals solutions providers, has announced the launch of the new generation Smart PINpad, the Q30.

Compact, sleek and fashionably designed, the Q30 allows multilane retail merchants to connect to any type of cash register, self-service checkout kiosk or terminal, accepts all types of modern payment methods and offers super resolution for images & video through a 4-inch high-end capacitive touch screen.

The Q30 can fully support any forms of transaction, including traditional cards, 1D/2D code payments, mobile wallets and NFC enabled payments such as Apple Pay, Samsung Pay, Alipay and Wechat Pay. Comes packed with the latest payment industry certifications including PCI 5.x , SRED and Contactless, the Q30 provide the merchants with maximum security.

**Mr. Andrew Wu, Vice President of PAX**, said: "We believe the Smart PINpad Q30 offers everything merchants could want in a sleek, stylish payment device and improve the user experience to a new level. We are looking forward to witnessing more use cases of the Q30."
