## MANAGEMENT DISCUSSION AND ANALYSIS

The Group announces a profit attributable to shareholders after tax and minority interests of HK\$33 million for the financial year ended 31st March 2009 compared to HK\$129 million for the same period last year. Group turnover stood at HK\$2.4 billion.

For the first six months, group turnover was strong but against the backdrop of a sharp and severe global recession that started in the USA and Europe and spread to other countries in the third quarter, group turnover slowed down in the second half of the year as visitor levels declined but despite this, turnover growth of 8% was still achieved.

In addition to the less than expected robust turnover growth, three other major factors contributed to the fall in Group earnings. Firstly, as a result of the sharp downturn, impairment provisions of around HK\$8 million were made for non-performing stores and HK\$5.6 million was made for fair value loss of a shop property in Macau whereas no provisions were made in the previous year. Secondly, there was an exchange loss of HK\$3 million compared to an exchange gain of HK\$40 million last year, a net exchange effect of HK\$43 million. Thirdly, in the previous financial year, there was a reversal of a bad debts provision of HK\$18 million.

In view of the current economic climate, the directors recommend the payment of a final dividend of HK\$0.010 (07/08:HK\$0.030) per share.

**Joseph C. C. Wong**  
Vice Chairman and Chief Executive Officer

**WATCH RETAIL BUSINESS**

Our watch retail business comprising mainly of “CITY CHAIN” posted a 14% growth in turnover and an EBIT of HK\$65 million, down 28%. Overall, our watch operations would have returned a better performance but for external factors like shrinking economies and the exchange effect. The relatively stronger HK\$ resulted in an exchange loss of HK\$3.6 million this year compared to an exchange gain of HK\$25.6 million last year. Impairment provisions for non-performing stores this year also impacted.

As the momentum brought on by our new “CITY CHAIN” look took effect, exclusive agency brands and new house brand product lines were introduced into our stores and received positive responses.

Our Hong Kong and Macau operations returned an EBIT of HK\$45 million, up 52% compared to the same period last year and turnover grew by 17%.

Markets in Singapore and Malaysia returned respectable turnover growth of 10% and 13% respectively despite the external turbulence. Singapore posted an EBIT of HK\$9 million down 56%. Malaysia recorded an EBIT of HK\$21 million down 25%. Our Thai operations were also affected by the continued political problems and reported a decline in sales turnover of 6% from the previous year. EBIT stood at HK\$25 million, down 8%. Excluding the exchange effect these three markets actually recorded a year on year EBIT growth of 8%.

Turnover from our PRC operations grew by 33% and losses widened to around HK\$36 million compared to HK\$15 million last year. Several factors contributed to the larger losses. Not least, the global recession did not leave our PRC operations unscathed as the rapidly slowing retail market took its toll stunting the more robust turnover growth first expected in the beginning of the year. As our PRC operations are still very much in the building up stage, this onslaught has impacted it more than our other more mature operations elsewhere. Costs related to the opening of new shops in Beijing and our Beijing regional office also impacted. Impairment provisions for non-performing stores were also a factor. Our PRC operations are concentrated in Southern China where the global recession has hit the severest compared to other parts of the Mainland dragging down employment levels and hence purchasing power.

**OPTICAL RETAIL BUSINESS**

Turnover growth at “OPTICAL 88” lost considerable momentum after October, increasing by only 5% compared to double-digit growth in previous years. Sluggish growth generally affected earnings and EBIT was HK\$23 million, down 60% over the same period last year. There was a net exchange loss this year of almost HK\$2 million compared to a gain of around HK\$1 million last year.

Despite the prevailing gloom and an intensely competitive market, our Hong Kong and Macau operations managed to maintain turnover. Certain stores have been re-fitted to exude a more modern and elegant look receiving positive response. An EBIT of HK\$25 million was posted, a decline of 48% compared to last year. Apart from the absence of strong turnover growth, impairment provisions for non-performing stores also squeezed earnings.

Turnover growth of 5% and breakeven results were reported in Singapore. In Thailand the political turmoil and general economic environment impacted turnover growth. Turnover was maintained and an EBIT of HK\$11 million was reported, a fall of 13% compared to last year. In Malaysia, where our business is still in its infancy, expected strong turnover growth from new stores was severely checked by the poor economy. Although turnover grew by 32%, this was insufficient to offset related costs and a loss of slightly under HK\$2 million was returned compared to an EBIT of HK\$3 million last year. For these three countries, there was a net adverse exchange effect of HK\$4.6 million compared to the previous year.

Although turnover from our PRC operations grew 40%, the increase was still lower than expected and a loss of nearly HK\$12 million was recorded compared to HK\$10 million last year. Similar reasons that affected our PRC watch operations in Southern China also affected our optical operations.

Strategies put in place prior to the global credit crunch, like introducing exclusive agency brands, strengthening product development of our house brands and store enhancement have helped “OPTICAL 88” to sharpen its competitive edge.

## MANAGEMENT DISCUSSION AND ANALYSIS

### WATCH EXPORT ASSEMBLY AND WHOLESALE TRADING

The Group's watch export, assembly and wholesale trading businesses recorded a slight dip in turnover. EBIT was HK\$35 million compared to HK\$55 million last year.

During the year, a decision was taken to rationalise the operations of our watch export unit so that its future performance will have a smaller impact on the results of this Division. With restructuring and costs rationalization undertaken at our watch assembly unit, improved results were seen.

The performance of our Swiss subsidiary, Universal Geneve SA continues to be closely monitored. Year on year turnover was up by 29% but was insufficient to offset running and other product development costs and a loss of nearly HK\$36 million was recorded. The global recession has been most untimely, impacting Universal Geneve's turnover performance at a critical stage as positive results from the development of the "MICROTOR" movement are being seen. The Board intends to arrive at a decision to minimize the impact of this subsidiary's performance on the Group's future results.

The recession has had a bigger impact on our watch wholesale business compared to our watch retail business as otherwise, this segment of our business would have performed even better. The Thong Sia Group that operates in Hong Kong, Singapore, Malaysia and Taiwan saw a small drop in turnover of 4%. EBIT recorded a decline of 20% but excluding exchange, EBIT was actually slightly improved from last year.

### OUTLOOK

Despite stabilizing stock and property markets in some of the territories where we operate, the overall retail market remains fragile as high unemployment levels prevail in these places but we remain cautiously optimistic that by the second half of the current financial year external circumstances should improve.

Though a challenging year, we have managed to maintain our leading positions in the watch and optical businesses by putting into place carefully planned growth strategies including – substituting non-performing stores with those with better earning potential, modestly growing selective markets, building up our higher profit margin house brands and strengthening product development. Increased measures to control operational costs, inventory levels (inventory levels as at 31st March 2009 were lower compared to 30th September 2008) and receivables have also been adopted.

To preserve cash, we have reduced dividend payment to HK\$0.010 (07/08: HK\$0.030) per share. The Board's intention, however, is to resume higher dividend payment once business conditions allow.

We believe the above strategies and measures will steer the Group through the uncertain months ahead and place us in a position to catch the market when it turns.

## MANAGEMENT DISCUSSION AND ANALYSIS

### FINANCE

The Group's gearing ratio at balance sheet date was 51% (2008: 36%), which was calculated based on the Group's net debt of HK\$406 million (2008: HK\$304 million) and shareholders' funds of HK\$789 million (2008: HK\$843 million). The Group's net debt was calculated based on the Group's borrowings of HK\$523 million (2008: HK\$470 million) less the Group's bank balances and cash of HK\$117 million (2008: HK\$166 million). Of the Group's borrowings at balance sheet date, HK\$407 million (2008: HK\$325 million) were repayable within 12 months.

Of the Group's borrowings, 5% (2008: 2%) were denominated in foreign currencies. The Group's borrowings denominated in Hong Kong Dollars were on a floating rate basis at either bank prime lending rates or short term inter-bank offer rates.

The Group does not engage in speculative derivative trading.

The Group enters into forward foreign exchange contracts when it is deemed appropriate as hedges against its foreign currency exposures. The forward foreign exchange contracts are strictly used to settle trade creditors and operating expenses. The hedging activities are regularly reviewed by the Group.

As at 31st March 2009, the Group does not have any significant contingent liabilities.

### STAFF

The Group's remuneration policies are reviewed on a regular basis and remuneration packages are in line with market practices in the relevant countries where the Group operates. As at 31st March 2009, the Group had 3,231 (2008: 3,068) employees.

I express my most sincere thanks and gratitude to colleagues and staff members for their commitment, hard work and loyalty to the Group during the year.

On behalf of the Board

**Joseph C. C. Wong**

## REPORT OF THE DIRECTORS

### PRE-EMPTIVE RIGHTS

There is no provision for pre-emptive rights under the Company's Bye-laws although there is no restriction against such rights under the laws in Bermuda.

### DIRECTORS AND INTERESTS IN CONTRACTS

The directors during the year were:

Wong Chong Po	
Joseph C. C. Wong	
Chu Kai Wah, Anthony	
Sakorn Kanjanapas	
Lau Tak Bui, Vincent	
Wu Chun Sang	(independent non-executive)
Wu Chi Man, Lawrence	(independent non-executive)
Kwong Yi Hang, Agnes	(independent non-executive)

In accordance with Bye-law 110(A), Mr. Sakorn Kanjanapas and Mr. Lau Tak Bui, Vincent will retire by rotation at the forthcoming Annual General Meeting and, being eligible, offer themselves for re-election.

No director has a service contract with the Company which is not determinable by the employer within one year without payment of compensation (other than statutory compensation).

During the year, Mr. Wong Chong Po, Mr. Joseph C. C. Wong, Mr. Chu Kai Wah, Anthony, and Mr. Lau Tak Bui, Vincent were eligible to an annual bonus determinable under the terms of an executive bonus scheme with respect to their management of the Group. Provision for the executive bonus in respect of the directors eligible under the Executive Bonus Scheme for the year ended 31st March 2009 amounted to HK\$2,349,000 (2008: HK\$9,326,000).

Apart from the foregoing, no other contracts of significance in relation to the Group's businesses to which the Company, its subsidiaries or its holding company was a party and in which a director of the Company had a material interest, whether directly or indirectly, subsisted at the end of the year or at any time during the year.

### SHARE OPTIONS

On 9th March 2005, a new share option scheme, replacing the previous scheme which was approved by the shareholders on 25th June 1997, for the employees, officers and directors of the Company and its subsidiaries (the "Share Option Scheme") was approved and adopted by the shareholders pursuant to which the Board was authorised to grant options to the employees, officers and directors of the Company or its subsidiaries to subscribe for shares of the Company for a fixed period. The option period refers to a period which the Board may in its absolute discretion determine and specify, save that (a) for ease of administration, in the absence of a separate Board resolution at the time of grant specifying otherwise, such period should be seven years from the commencement date of the share option and (b) in any event such period shall expire not later than 10 years from the commencement date of the share option. The total number of shares which may be issued upon exercise of all options to be granted under the Share Option Scheme and any other schemes must not in aggregate exceed 95,134,002 shares. The limit on the number of shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Share Option Scheme and any other schemes must not exceed 30% of the shares in issue from time to time. No options may be granted under any schemes of the Company if this will result in the limit being exceeded. An offer of the grant of options must be accepted within 28 days from the commencement date of the relevant option period. The purpose of the Share Option Scheme is to attract and retain the best quality personnel for the development of the Company's business; to provide additional incentives to the employees, officers and directors of the Company and its subsidiaries and to promote the long term financial success of the Company by aligning the interests of the Option Holder (any employee or a director of the Company or any subsidiary who accepts an offer of the grant of an Option in accordance with the terms of the Share Option Scheme or their legal personal representatives) to shareholders. The consideration payable on acceptance of the offer for the grant of an option is HK\$1. The subscription price is determined by the Board at the time of grant of the relevant option and shall not be less than whichever is the higher of the closing price of the shares as stated in the daily quotation sheets of the Stock Exchange of Hong Kong Limited ("Stock Exchange") on the commencement date of the share option, which must be a business day; the average closing prices of the shares as stated in the Stock Exchange's daily quotation sheets for the five business days immediately preceding the commencement date of the share option; and the nominal value of a share. No option had been granted during the year and there was no option outstanding as at 31st March 2009.

As at 31st March 2009, the total number of ordinary shares available for issue in the remaining life of the Share Option Scheme was 95,134,002.

With the exception of the Share Option Scheme of the Company, at no time during the year was the Company, its subsidiaries or its holding company a party to any arrangements to enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

#### **(1) Purchase of optical products from connected parties**

Period of transaction:

From 1st April 2008 to 31st March 2009

Parties and their connected relationship:

Purchaser: Certain retail subsidiaries of the Company under Retail Purchase Agreements and certain wholesale subsidiaries of the Company under Wholesale Purchase Agreements

Vendor: Vision PRO Trading Company Limited and its subsidiary companies ("Vision Pro Group")

At the date of the announcement on 26th March 2007, it was disclosed that Vision Pro Group was an 87% indirectly owned subsidiary of Yee Hing Company Limited ("Yee Hing"), a substantial shareholder of the Company holding approximately 36% of its issued share capital. Therefore, Vision Pro Group was a connected person of the Company by virtue of the fact that it was an associate of a connected person of the Company.

Description and purpose of the transaction:

On 1st April 2004, the Group, through certain subsidiaries, entered into the Retail Purchase Agreements with Vision Pro Group to record the terms of continuing purchases of optical products by the Group for its retail operations for the period from 1st April 2004 to 31st March 2007. On 1st April 2005, Thong Sia Company (Singapore) Private Limited and Thong Sia Sdn Bhd (collectively referred to as “Thong Sia Companies”) entered into the Wholesale Purchase Agreements with Vision Pro Group to record the terms of their respective continuing purchases of optical products from Vision Pro Group for the period from 1st April 2005 to 31st March 2008 for their wholesale distribution business. The Group continued to make purchases of suitable optical products on a continuing basis from Vision Pro Group for its retail and wholesale operations and with the expiration of the Retail Purchase Agreements on 31st March 2007 decided to streamline its relationship with Vision Pro Group. It was the intention of the Group to continue respectively with purchasing optical products under the Retail Purchase Agreements from Vision Pro Group after 31st March 2007, and continue with the ongoing purchases of optical products under the Wholesale Purchase Agreements, also from the Vision Pro Group. As a result, on 26th March 2007, the Group, through certain subsidiaries,

- (i) entered into the Renewal Retail Purchase Agreements for the period from 1st April 2007 to 31st March 2010;
- (ii) terminated the Wholesale Purchase Agreements with effect from 1st April 2007, earlier than the contractual expiration date of 31st March 2008; and
- (iii) entered into the Renewal Wholesale Purchase Agreements with expiry dates to coincide with that of the Renewal Retail Purchase Agreements.

The two renewal agreements were entered into with Vision Pro Group to record the terms of continuing purchases of optical products by the Group.

Terms of the transaction:

For a period of three years from 1st April 2007 to 31st March 2010 with major terms:

(A) *The Renewal Retail Purchase Agreements*

The Group will purchase optical products from Vision Pro Group typically for cash with payment terms of 30 to 60 days upon receipt of invoice. The terms of purchase will be determined on an individual order basis based on the prevailing industry conditions and the purchases will be on terms no less favourable than those offered by Vision Pro Group to other third parties. Currently, the optical products to be purchased by the Group from Vision Pro Group are not available from other suppliers. In future, if the Group purchases optical products that are also available from suppliers other than Vision Pro Group, the terms of purchase under these agreements will be on terms no less favourable to the Group than those offered by independent third party suppliers to the Group.

(B) *The Renewal Wholesale Purchase Agreements*

Thong Sia Companies will purchase optical products from Vision Pro Group typically for cash with payment terms of 90 days upon receipt of invoice. The terms of purchase will be determined on an individual order basis based on the prevailing industry conditions and the purchases will be on terms no less favourable than those offered by Vision Pro Group to other third parties. Currently, the optical products to be purchased by the Thong Sia Companies from Vision Pro Group are not available from other suppliers. In future, if the Group purchases optical products that are also available from suppliers other than Vision Pro Group, the terms of purchase under these agreements will be on terms no less favourable to the Thong Sia Companies than those offered by independent third party suppliers to the Thong Sia Companies.

Total consideration of the transaction for the financial year ended 31st March 2009:

HK\$9,941,000.

Nature and extent of the connected person's interest in the transaction:

The estimated annual amount of purchases to be made by the Group from Vision Pro Group under the two renewal agreements have been aggregated in accordance with the aggregation of transactions provisions under Rule 14A.25 of the Listing Rules. The Caps for the continuing purchases of optical products from Vision Pro Group under the two renewal agreements are HK\$11,800,000, HK\$12,400,000 and HK\$13,000,000 for each of the financial years ending 31st March 2008, 2009 and 2010 respectively. The Caps were determined on the following basis:

- (i) historical transaction amounts for the period from 1st April 2003 up to and including 30th September 2006;
- (ii) additional brands of optical products expected to be purchased by the Group from Vision Pro Group in the financial year ending 31st March 2008; and
- (iii) the estimates by the Group of the pace of growth of its optical wear business with respect to the existing brands of optical products purchased from Vision Pro Group and the establishment of new retail stores.

Based upon information available to the Directors at the date of an announcement on 26th March 2007, the Directors considered that the Caps were fair and reasonable. Nevertheless, if during any financial year from 1st April 2007 to 31st March 2010, the aggregate annual consideration for such transactions exceeds the Cap for the relevant financial year, the Company will take steps as required to ensure compliance with the Listing Rules. The directors (including the independent non-executive directors) are of the opinion that the terms of the two renewal agreements are based on normal commercial terms agreed after arms' length negotiations between the parties, and are fair and reasonable. Furthermore, the directors consider that the transactions contemplated under the two renewal agreements are in the ordinary and usual course of business of the Group and are in the interests of the Company and its shareholders as a whole.

### (2) **Manufacture and supply of optical products by a connected person**

Period of transaction:

From 20th June 2008 to 31st March 2009

Parties and their connected relationship:

**Purchaser:** Two wholly-owned subsidiaries of the Company, which collectively are principally engaged in the trading of optical frames and sunglasses ("Optical Products")

**Vendor:** International Optical Manufacturing Company Limited ("IOM")

At the date of the announcement on 19th June 2008, it was disclosed that Yee Hing, the controlling shareholder of the Company, had an effective controlling interest of approximately 87% in IOM.

Description and purpose of the transaction:

IOM agrees to manufacture for and supply to the Group, and the Group agrees to purchase from IOM, house-brand Optical Products subject to the terms and conditions contained in the Manufacturing and Supply Agreement. The house-brand Optical Products are purchased for the Group's retail operations.

Terms of the transaction:

The Group shall engage IOM to supply and manufacture house-brand Optical Products typically for cash with payment terms of 60 days upon receipt of invoice. The terms of purchase will be determined on an individual purchase order basis based on the prevailing industry conditions and the purchases will be on normal commercial terms.

Total consideration of the transaction for the financial year ended 31st March 2009:

HK\$288,000

Nature and extent of the connected person's interest in the transaction:

The transaction relates to the manufacture and supply of house-brand Optical Products. The Caps for the financial year ended 31st March 2009 is HK\$3,500,000 and for the financial years ending 2010 and 2011 are HK\$4,200,000 and HK\$5,040,000 respectively.

### (3) Leasing of properties from connected parties

#### (A) Period of transaction:

From 1st April 2008 to 31st March 2009

#### Parties and their connected relationship:

Tenant: Thong Sia Company (Singapore) Private Limited ("TSS")

Landlord: Mengiwa Private Limited ("Mengiwa")

At the date of the circular to the Company's shareholders on 31st August 2005, it was disclosed that the Estate held more than a 30% equity interest in Mengiwa, Mengiwa was a connected person (as defined in the Listing Rules) of the Group by virtue of the fact that it was an associate of the Estate which was a connected person (as defined in the Listing Rules) of the Group. At the date of the announcement on 22nd July 2008 for renewal of the lease, it was disclosed that the Estate held a controlling interest in Mengiwa and was deemed to be interested in a controlling interest in the Company through the Estate's indirect controlling interest in Yee Hing. In this connection, Mengiwa was an associate of the Estate and thus was a connected person of the Company. The entering into of this tenancy agreement therefore constituted a continuing connected transaction for the Company under the Listing Rules.

#### Description and purpose of the transaction:

Tenancy agreement in respect of the lease of Units #B2-00, #01-01 and #04-00 of Thongsia Building, No.30 Bideford Road, Singapore as office, showroom, warehouse and service centre of the tenant.

#### Terms of the transaction:

For a period of 3 years from 1st July 2005 up to and including 30th June 2008 at an aggregate sum of the annual rent, management fee and air-conditioning charge of S\$420,000. It was renewed on 22nd July 2008 for two years commencing from 1st July 2008 up to and including 30th June 2010 at a monthly rental of S\$82,650 per month (exclusive of management fee and air-conditioning charge) payable monthly in advance in cash from internal funds by the tenant on the first day of each and every calendar month. There will be rent-free periods of two months in total commencing respectively from 1st June 2009 up to and including 30th June 2009, and from 1st June 2010 up to and including 30th June 2010.

#### Total consideration of the transaction for the financial year ended 31st March 2009:

S\$849,000 (equivalent to HK\$4,592,000)

#### Nature and extent of the connected person's interest in the transaction:

The transaction relates to the rental for the use of office, showroom, warehouse and service centre of the tenant. Based on the monthly rent payable by the tenant under the term of the tenancy agreements, the Caps were set at S\$105,000, S\$743,850, S\$909,150 and S\$165,300 for each of the periods from 1st April 2008 to 30th June 2008, from 1st July 2008 to 31st March 2009, from 1st April 2009 to 31st March 2010 and from 1st April 2010 to 30th June 2010 respectively.

(B) Period of transaction:

From 1st April 2008 to 31st March 2009

Parties and their connected relationship:

Tenant: Stelux Holdings Limited (“SHL”), a wholly-owned subsidiary of the Company

Landlord: Mengiwa Property Investment Limited (“MPIL”)

At the date of the announcement on 19th December 2007, it was disclosed that Yee Hing, a controlling shareholder of the Company, held approximately 31.54% of the issued share capital of the Company. MPIL was a wholly owned indirect subsidiary of Yee Hing.

Description and purpose of the transaction:

Tenancy agreement in respect of the lease of 27/F, portion of 28/F, office unit 1501 with storeroom 1A on 15/F, office units 502, 503, 505 and 506 on 5/F and 12 carparking spaces of Stelux House as headquarters of the Group.

Terms of the transaction:

For the period from 1st April 2008 to 31st March 2010 at a monthly rental of HK\$453,107.86 exclusive of management fee, rates and government rent payable in advance on the first day of each calendar month with a rent free period of one month from 1st April 2008 up to and including 30th April 2008.

Total consideration of the transaction for the financial year ended 31st March 2009:

HK\$4,984,000

Nature and extent of the connected person’s interest in the transaction:

The transaction relates to the rental of office premises, storeroom and car parking spaces of Stelux House. Based on the monthly rent payable by SHL during the term of the tenancy agreements (together with the tenancy agreement in respect of the lease of Unit 1503 on the 15/F and storeroom 1206A on the 12/F of Stelux House as mentioned in (C) below), the Caps for the two financial years ended 31st March 2009 and 2010 were set at HK\$5,260,000 and HK\$5,750,000 respectively. At the date of a subsequent announcement on 25th February 2009, it was disclosed that the tenant would surrender Unit 1501, 1503, storeroom 1501A and 1206A to the landlord no later than 30th June 2009. Storeroom 1206A was surrendered on 15th March 2009. Unit 1501, 1503 and storeroom 1501A were surrendered on 30th June 2009. Therefore, the Caps for the financial year ended 31st March 2009 and financial year ending 31st March 2010 were reduced to HK\$5,258,000 and HK\$5,176,000 respectively.

(C) Period of transaction:

From 1st April 2008 to 31st March 2009

Parties and their connected relationship:

Tenant: SHL

Landlord: MPIL

At the date of the announcement on 19th December 2007, it was disclosed Yee Hing, a controlling shareholder of the Company, held approximately 31.54% of the issued share capital of the Company. MPIL was a wholly owned indirect subsidiary of Yee Hing.

Description and purpose of the transaction:

Tenancy agreement in respect of the lease of Unit 1503 on the 15/F and storeroom 1206A on the 12/F of Stelux House as staff training room and storeroom of the tenant.

Terms of the transaction:

A term of 27 months and 13 days commencing from 19th December 2007 up to and including 31st March 2010 at a rental of HK\$18,255.80 per calendar month (exclusive of rates, government rent and management charges) for office unit 1503 and HK\$4,300.00 per calendar month (inclusive of rates, government rent and management charges) for storeroom 1206A payable monthly in advance in cash from internal funds by the tenant on the first day of each and every calendar month, there will be a rent-free period of one month commencing from 19th December 2007 up to and including 18th January 2008 (except for the storeroom). At the date of a subsequent announcement on 25th February 2009, it was disclosed that the tenant would surrender the premises no later than 30th June 2009. Storeroom 1206A was surrendered on 15th March 2009 and Unit 1503 was surrendered on 30th June 2009.

Total consideration of the transaction for the financial year ended 31st March 2009:

HK\$271,000

Nature and extent of the connected person's interest in the transaction:

The annual Cap for this transaction has been set at the approximate rental payable by the tenant to the landlord under the terms of the tenancy agreement. The Caps for the financial year ended 31st March 2009 and financial year ending 2010 are included in (B) above.

(D) Period of transaction:

From 1st April 2008 to 31st March 2009

Parties and their connected relationship:

Tenant: Thong Sia Watch Company Limited

Landlord: MPIL

At the date of the announcement on 19th July 2006, it was disclosed that Thong Sia Watch Company Limited was a 96% majority owned subsidiary of the Company. Yee Hing ultimately held approximately 60% of the issued share capital of the Company. MPIL was a wholly-owned indirect subsidiary of Yee Hing.

Description and purpose of the transaction:

Tenancy agreement in respect of the lease of office premises (the whole of 21/F), with a gross floor area of approximately 13,300 sq. feet and 3 carparking spaces at the basement of Stelux House. The Company, including its major subsidiaries, has its headquarters located at Stelux House. Thong Sia Watch Company Limited was acquired by the Company at the end of September 2005. Relocating the operations of Thong Sia Watch Company Limited to Stelux House improves operational efficiency and helps to reduce rental costs.

Terms of the transaction:

The tenancy agreement dated 19th July 2006 is for a term of two years eight months and thirteen days from 19th July 2006 to 31st March 2009 (both days inclusive) with rent free periods from 19th July 2006 to 18th August 2006, from 19th July 2007 to 18th August 2007 and from 19th July 2008 to 10th August 2008 at a monthly rental for the office of HK\$130,340 exclusive of rates, government rent, management fees and other outgoings. For the carparking spaces from 19th July 2006 to 31st March 2009 at a monthly rental of HK\$9,450 inclusive of rates, government rent and management fees. The lease was renewed on 25th February 2009 for a term of one year from 1st April 2009 up to and including 31st March 2010 at a monthly rental for the office of HK\$119,700 per calendar month (exclusive of management fees, rates and government rent) and HK\$9,450 for the three car parking spaces per calendar month (inclusive of rates, government rent and management charges), both payable monthly in advance in cash by the tenant on the first day of each and every calendar month.

Total consideration of the transaction for the financial year ended 31st March 2009:

HK\$1,467,000

Nature and extent of the connected person's interest in the transaction:

The transaction relates to the rental of office premises and carparking spaces. The Caps for the three financial years ended 31st March 2007, 2008 and 2009 are HK\$1,100,000, HK\$1,600,000 and HK\$1,600,000 respectively. The Cap under the renewed lease for the financial year ending 31st March 2010 is HK\$1,550,000.

(E) Period of transaction:

From 1st July 2008 to 31st March 2009

Parties and their connected relationship:

Tenants: Certain wholly-owned subsidiaries of the Company

Landlords: Active Lights Company Limited and Thong Sia Company Limited ("TSCL"), each of them as landlord

At the date of the announcement on 22nd July 2008, it was disclosed the Estate was deemed to be interested in a controlling interest in the Company through the Estate's indirect controlling interest in Yee Hing. Furthermore, both Active Lights Company Limited and TSCL were subsidiaries of Yee Hing. In this connection, each of Active Lights Company Limited and TSCL was an associate of the Estate and thus was a connected person of the Company. The entering into of the tenancy agreements therefore constituted continuing connected transactions for the Company under the Listing Rules.

Description and purpose of the transaction:

The Tenancy Agreements relate to the leasing or licensing of certain properties from the landlords at different locations in Hong Kong.

Terms of the transaction:

For twenty-one months commencing from 1st July 2008 up to and including 31st March 2010 at an aggregated monthly rental of HK\$71,440 payable monthly in advance in cash from internal funds by the tenants on the first day of each and every calendar month.

Total consideration of the transaction for the financial year ended 31st March 2009:

HK\$643,000

Nature and extent of the connected person's interest in the transaction:

The transaction relates to the rental of properties for use as warehouses. Based on the monthly rent payable by the tenants under the term of the tenancy agreements, the Caps were set at HK\$642,960 and HK\$857,280 for each of the periods from 1st July 2008 to 31st March 2009 and from 1st April 2009 to 31st March 2010 respectively.

### (4) Provision of management and property agency liaison services

Period of transaction:

From 1st April 2008 to 31st March 2009

Parties and their connected relationship:

Agent: Stelux Properties Agency Limited ("SPAL"), a wholly-owned subsidiary of the Company

Principal: MPIL

At the date of the announcement on 19th December 2007, it was disclosed Yee Hing, a controlling shareholder of the Company, held approximately 31.54% of the issued share capital of the Company. MPIL was a wholly owned indirect subsidiary of Yee Hing.

Description and purpose of the transaction:

SPAL entered into the management and property agency liaison services agreement ("Services Agreement") with MPIL for the provision of the following services ("Services"):

- (a) Contract administration with respect to contracts entered into between MPIL and third parties from time to time;
- (b) property agency liaison and tenancy management;
- (c) management of the property manager of Stelux House; and
- (d) other miscellaneous administrative services.

SPAL had been providing the Services to the landlord of Stelux House since 1998 and had accumulated the relevant knowledge and experience. Yee Hing had requested SPAL to continue to manage the Property so as to maintain continuity and the quality of service.

## REPORT OF THE DIRECTORS

Terms of the transaction:

HK\$178,500 per calendar month (in the first year during the duration of the Services Agreement) payable in advance in cash on the first day of each calendar month and for the period from 1st April 2008 to 31st March 2010. The annual fee (other than that in the first year during the duration of the Services Agreement) is subject to increment with reference to the actual increase in costs incurred by SPAL relating to the Services by not more than 10% each year.

Total consideration of the transaction for the financial year ended 31st March 2009:

HK\$2,142,000

Nature and extent of the connected person's interest in the transaction:

The transaction relates to the provision of services. The Caps for the financial year ended 31st March 2009 and the financial year ending 2010 are HK\$2,200,000 and HK\$2,400,000 respectively.

The above continuing connected transactions also constitute related party transactions and are disclosed in note 32 to the financial statements.

## INDEPENDENT AUDITOR'S REPORT

### INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF STELUX HOLDINGS INTERNATIONAL LIMITED

(incorporated in Bermuda with limited liability)

We have audited the consolidated financial statements of Stelux Holdings International Limited (the "Company") and its subsidiaries (together, the "Group") set out on pages 27 to 78, which comprise the consolidated and company balance sheets as at 31st March 2009, and the consolidated income statement, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes.

#### DIRECTORS' RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation and the true and fair presentation of these consolidated financial statements in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and the true and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

#### AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit and to report our opinion solely to you, as a body, in accordance with Section 90 of the Companies Act 1981 of Bermuda and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance as to whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and true and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### 1 GENERAL INFORMATION

The principal activity of the Company is investment holding. The activities of its principal subsidiaries are shown in Note 33 to financial statements.

The Company is a limited liability company incorporated in Bermuda. The address of its registered office is Canon's Court, 22 Victoria Street, Hamilton, HM12, Bermuda.

The Company has its primary listing on The Stock Exchange of Hong Kong Limited.

The consolidated financial statements are presented in Hong Kong dollars, unless otherwise stated. These financial statements have been approved by the Board of Directors on 22nd July 2009.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### (a) Basis of preparation

The consolidated financial statements of the Group have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRS"). The consolidated financial statements have been prepared under the historical cost convention, as modified by the revaluation of available-for-sale financial assets and investment properties.

The preparation of financial statements in conformity with HKFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements, are disclosed in Note 4.

#### *Adoption of standards, amendments to standards and interpretations*

In 2009, the Group adopted the following standards, amendments to standards and interpretations of HKFRS issued by the Hong Kong Institute of Certified Public Accountants, which become effective for accounting periods beginning on or after 1st April 2008:

- HKAS 39, 'Financial instruments: Recognition and measurement', amendment on reclassification of financial assets permits reclassification of certain financial assets out of the held-for-trading and available-for-sale categories if specified conditions are met. The related amendment to HKFRS 7, 'Financial instruments: Disclosures', introduces disclosure requirements with respect to financial assets reclassified out of the held-for-trading and available-for-sale categories. The adoption of these amendments does not have any impact on the Group's financial statements, as the Group has not reclassified any financial assets.
- HK(IFRIC)-Int 12, 'Service concession arrangements' applies to contractual arrangements whereby a private sector operator participates in the development, financing, operation and maintenance of infrastructure for public sector services. The adoption of this interpretation does not have any significant impact on the Group's financial statements.

## NOTES TO THE FINANCIAL STATEMENTS

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (a) Basis of preparation (Continued)

##### *Adoption of standards, amendments to standards and interpretations (Continued)*

- HK(IFRIC)-Int 14, 'HKAS 19 – The limit on a defined benefit asset, minimum funding requirements and their interaction', provides guidance on assessing the limit in HKAS 19 on the amount of the surplus that can be recognised as an asset. It also explains how the pension asset or liability may be affected by a statutory or contractual minimum funding requirement. The adoption of this interpretation does not have any impact on the Group's financial statements.

##### *Standards, interpretations and amendments to standards that are not yet effective and have not been early adopted by the Group*

The following standards, amendments and interpretations to existing standards have been published and are mandatory for the Group's accounting periods beginning on or after 1st April 2009 or later periods, but the Group has not early adopted them:

		<b>Effective for financial year beginning on or after</b>
HKAS 1 (Revised)	Presentation of Financial Statements	1st April 2009
HKAS 23 (Revised)	Borrowing Costs	1st April 2009
HKAS 27 (Revised)	Consolidated and Separate Financial Statements	1st April 2010
HKAS 32 (Amendment) and HKAS 1 (Amendments)	Puttable Financial Instruments and Obligations arising on Liquidation	1st April 2009
HKAS 39 (Amendment)	Eligible Hedged Items	1st April 2010
HKFRS 1 and HKAS 27 (Amendments)	Cost of an Investment in a Subsidiary, Jointly Controlled Entity or Associate	1st April 2010
HKFRS 2 (Amendment)	Share-based Payment – Vesting Conditions and Cancellations	1st April 2009
HKFRS 3 (Revised)	Business Combinations	1st April 2010
HKFRS 8	Operating Segments	1st April 2009
HK(IFRIC)-Int 9 (Amendment) and HKAS 39 (Amendment)	Embedded derivatives	1st April 2009
HKFRS 7 (Amendment)	Financial instruments: Disclosures	1st April 2009
HK(IFRIC)-Int 15	Agreements for the Construction of Real Estate	1st April 2009
HK(IFRIC)-Int 16	Hedges of a Net Investment in a Foreign Operation	1st April 2009
HK(IFRIC)-Int 17	Distributions of Non-cash Assets to Owners	1st April 2010
HK(IFRIC)-Int 18	Transfers of assets from customers	1st April 2010

The expected impacts from the adoption of the above standards, amendments and interpretations to existing standards are still being assessed in details by management but it is expected that the adoption should not have significant impacts to the Group.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

#### (a) Basis of preparation *(Continued)*

*Standards, interpretations and amendments to standards that are not yet effective and have not been early adopted by the Group (Continued)*

In addition, Hong Kong Institute of Certified Public Accountants also published a number of amendments for the existing standards under its improvement projects. These amendments are also not expected to have a significant financial impact to the Group's financial statements.

#### (b) Consolidation

##### (i) Subsidiaries

Subsidiaries are all entities over which the Group has the power to govern the financial and operating policies generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity.

Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date that control ceases.

The purchase method of accounting is used to account for the acquisition of subsidiaries by the Group. The cost of an acquisition is measured as the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date, irrespective of the extent of any minority interest. The excess of the cost of acquisition over the fair value of the Group's share of the identifiable net assets acquired is recorded as goodwill. If the cost of acquisition is less than the fair value of the net assets of the subsidiary acquired, the difference is recognised directly in the income statement (see Note 2(g)).

Inter-company transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

In the Company's balance sheet, the investments in subsidiaries are stated at cost less accumulated impairment losses, if any. The results of subsidiaries are accounted by the Company on the basis of dividend received and receivable.

##### (ii) Transactions with minority interests

The Group applies a policy of treating transactions with minority interests as transactions with parties external to the Group. Disposals to minority interests result in gains and losses for the Group that are recorded in the consolidated income statement. Purchases from minority interests result in goodwill, being the difference between any consideration paid and the relevant share of the carrying value of net assets of the subsidiary acquired.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (c) Segment reporting

A business segment is a group of assets and operations engaged in providing products or services that are subject to risks and returns that are different from those of other business segments. A geographical segment is engaged in providing products or services within a particular economic environment that are subject to risks and returns that are different from those of segments operating in other economic environments.

#### (d) Foreign currency translation

##### (i) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in Hong Kong dollars, which is the Company's functional and presentation currency.

##### (ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuations where items are remeasured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the consolidated income statement, except when deferred in equity as qualifying cash flow hedges or qualifying net investment hedges.

Translation difference on non-monetary financial assets, such as equities classified as available-for-sale financial assets, are included in the revaluation reserve in equity.

##### (iii) Group companies

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet;
- income and expenses for each income statement are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions); and
- all resulting exchange differences are recognised as a separate component of equity.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(d) Foreign currency translation (Continued)

(iii) Group companies (Continued)

On consolidation, exchange differences arising from the translation of the net investment in foreign operations, and of borrowings and other currency instruments designated as hedges of such investments, are taken to shareholders' equity. When a foreign operation is partially disposed of or sold, such exchange differences that were recorded in equity are recognised in the consolidated income statement as part of the gain or loss on sale.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate.

(e) Property, plant and equipment

Property, plant and equipment are stated at historical cost less accumulated depreciation and accumulated impairment losses.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are expensed in the consolidated income statement during the financial year in which they are incurred.

Depreciation of property, plant and equipment is calculated using the straight-line method to allocate their cost to their residual values over their estimated useful lives, as follows:

Buildings	Lesser of the unexpired lease term or 20 to 50 years
Equipment (including leasehold improvements)	3 to 10 years or over the lease term
Furniture and fixtures	3 to 15 years
Motor vehicles	4 to 5 years

No depreciation is provided on freehold land.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are included in the consolidated income statement.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

#### (f) Investment properties

Investment properties are held for long-term rental yields and are not occupied by the Group. Investment properties are carried at fair value, representing open market value determined annually by independent qualified valuers. Changes in fair values are recorded in the income statement.

Land held under operating leases are classified and accounted for as investment property when the rest of the definition of investment property is met. The operating lease is accounted for as if it were a finance lease.

#### (g) Intangible assets

##### (i) Goodwill

Goodwill represents the excess of the cost of an acquisition over the fair value of the Group's share of the net identifiable assets of the acquired subsidiary at the date of acquisition. Goodwill on acquisitions of subsidiaries is included in intangible assets. Goodwill is tested for impairment and carried at cost less accumulated impairment losses. Impairment losses on goodwill are not reversed. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to these cash-generating units or group of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The Group allocates goodwill to each business segment in each country in which it operates.

##### (ii) Trademarks

Trademarks have an infinite useful life and the carrying amount brought forward are not amortised but tested annually for impairment. Trademarks are carried at cost less accumulated amortisation up to 31st March 2005 and accumulated impairment losses.

#### (h) Impairment of investments in subsidiaries and non-financial assets

Assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment. Assets are reviewed for impairment whenever events and changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

#### (i) Financial assets

The Group classifies its financial assets in the following categories: at fair value through profit or loss, loans and receivables and available-for-sale. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition.

##### *(i) Financial assets at fair value through profit or loss*

Financial assets at fair value through profit or loss are financial assets held for trading. A financial asset is classified in this category if acquired principally for the purpose of selling in the short term. Assets in this category are classified as current assets.

##### *(ii) Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for maturities greater than 12 months after the balance sheet date. These are classified as non-current assets. Loans and receivables are classified as 'debtors and prepayments' and 'bank balance and cash' in the balance sheet.

##### *(iii) Available-for-sale financial assets*

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless management intends to dispose of the investment within 12 months of the balance sheet date.

Regular purchases and sales of financial assets are recognised on trade-date – the date on which the Group commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the consolidated income statement. Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. Available-for-sale financial assets and financial assets at fair value through profit or loss are subsequently carried at fair value. Loans and receivables are carried at amortised cost using the effective interest method.

Gains and losses arising from changes in the fair value of the financial assets at fair value through profit or loss category are presented in the consolidated income statement in the year in which they arise. Dividend income from financial assets at fair value through profit or loss is recognised in the consolidated income statement when the Group's right to receive payments is established.

Changes in the fair value of monetary securities denominated in a foreign currency and classified as available-for-sale are analysed between translation differences resulting from changes in amortised cost of the security and other changes in the carrying amount of the security. The translation differences on monetary securities are recognised in the consolidated income statement; translation differences on non-monetary securities are recognised in equity. Changes in the fair value of monetary and non-monetary securities classified as available-for-sale are recognised in equity.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

#### (i) **Financial assets** *(Continued)*

When securities classified as available-for-sale are sold or impaired, the accumulated fair value adjustments recognised in equity are included in the consolidated income statement. Interest on available-for-sale securities calculated using the effective interest method is recognised in the consolidated income statement. Dividends on available-for-sale equity instruments are recognised in the consolidated income statement when the Group's right to receive payments is established.

The fair values of quoted investments are based on current bid prices. If the market for a financial asset is not active (and for unlisted securities), the Group establishes fair value by using valuation techniques. These include the use of recent arm's length transactions, reference to other instruments that are substantially the same, discounted cash flow analysis, and option pricing models, making maximum use of market inputs and relying as little's possible on equity-specific inputs.

The Group assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired. In the case of equity securities classified as available-for-sale, a significant or prolonged decline in the fair value of the security below its cost is considered as an indicator that the securities are impaired. If any such evidence exists for available-for-sale financial assets, the cumulative loss-measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in the income statement-is removed from equity and recognised in the consolidated income statement. Impairment losses recognised in the consolidated income statement on equity instruments are not reversed through the consolidated income statement. Impairment testing of debtors and prepayments is described in Note 2(k) to the financial statements.

#### (j) **Stocks**

Stocks are stated at the lower of cost and net realisable value. Cost includes the cost of direct labour, materials and appropriate proportion of production overhead expenditure, and is calculated on the weighted average basis. Net realisable value is the anticipated sales proceeds less selling expenses in the ordinary course of business.

#### (k) **Debtors**

Debtors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of debtors is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments are considered indicators that the trade receivable is impaired. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. The carrying amount of the assets is reduced through the use of an allowance account, and the amount of the loss is recognised in the consolidated income statement. When a trade receivable is uncollectible, it is written off against the allowance account for debtors. Subsequent recoveries of amounts previously written off are credited in the consolidated income statement.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

#### (l) Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the balance sheet.

#### (m) Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

#### (n) Creditors

Creditors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

#### (o) Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the income statement over the period of the borrowings using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

#### (p) Current and deferred income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantially enacted at the balance sheet date in the countries where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is recognised, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. Deferred income tax is determined using tax rates that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

Deferred income tax is provided on temporary differences arising on investments in subsidiaries, except where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (q) Employee benefits

##### (i) Employee leave entitlements

Employee entitlements to annual leave and long service leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave and long service leave as a result of services rendered by employees up to the balance sheet date. Employee entitlements to sick leave and maternity leave are not recognised until the time of leave.

##### (ii) Pension obligations

The Group operates and participates in a number of defined contribution plans. The assets of the defined contribution plans are held separately from those of the Group in independently administered funds. The contributions are recognised as employee benefit expense when they are due and are reduced by contributions forfeited by those employees who leave the scheme prior to vesting fully in the contributions. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available. The Group has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees benefit relating to employee service in the current and prior periods.

##### (iii) Profit-sharing and bonus plan

The Group recognises a liability and an expense for bonuses and profit-sharing, based on a formula that takes into consideration the profit attributable to equity holders of the Company after certain adjustments. The Group recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

#### (r) Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount can be made. Provisions are not recognised for future operating losses. Provision for an onerous contract is recognised when the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

#### (s) Recognition of revenue

Revenue comprises the fair value of the consideration received or receivable for the sale of goods and services in the ordinary course of the Group's activities. Revenue is shown net of value-added tax, returns, rebates and discounts and after eliminating sales within the Group.

The Group recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the Group's activities as described below. The amount of revenue is not considered to be reliably measurable until all contingencies relating to the sale have been resolved. The Group bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

##### *(i) Sales of goods – wholesale and trading*

Sales of goods are recognised when the Group has delivered products to the customer, the customer has accepted the products and collectibility of the related receivables is reasonably assured.

##### *(ii) Sales of goods – retail*

Sales of goods are recognised when a group entity sells a product to the customer. Retail sales are usually in cash or by credit card.

##### *(iii) Building management fee income*

Building management fee income is recognised when the services are rendered.

##### *(iv) Rental income*

Rental income is recognised on a straight-line basis over the lease term.

##### *(v) Interest income*

Interest income is recognised on a time-proportion basis using the effective interest method.

##### *(vi) Dividend income*

Dividend income is recognised when the right to receive payment is established.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

#### (t) Leases

##### (i) *Operating lease*

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged in the income statement on a straight-line basis over the period of the lease.

##### (ii) *Finance lease*

Leases of property, plant and equipment where the Group has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's commencement at the lower of the fair value of the leased property and the present value of the minimum lease payments. Each lease payment is allocated between the liability and finance charges so as to achieve a constant rate on the finance balance outstanding. The corresponding rental obligations, net of finance charges, are included in current and non-current borrowings. The interest element of the finance cost is recognised in the consolidated income statement over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

#### (u) Dividend distribution

Dividend distribution to the Company's shareholders is recognised as a liability in the Group's financial statements in the year in which the dividends are approved by the Company's shareholders.

#### (v) Financial guarantee

A financial guarantee (a kind of insurance contract) is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the original or modified terms of a debt instrument. The Group does not recognise liabilities for financial guarantees at inception, but perform a liability adequacy test at each reporting date by comparing its carrying amount of the net liability regarding the financial guarantee with its present legal or constructive obligation amount. If the carrying amount of the net liability is less than its present legal or constructive obligation amount, the entire difference is recognised in the income statement immediately.

**3 FINANCIAL RISK MANAGEMENT**

**(a) Financial risk factors**

The Group's activities expose it to a variety of financial risks: foreign exchange risk, interest rate risk, credit risk and liquidity risk.

*(i) Foreign exchange risk*

The Group mainly operates in Hong Kong, China and a number of countries in South East Asia. Retail sales transactions are mostly denominated in the functional currencies of the group entities. The Group's exposure to foreign exchange risk mainly arise from future purchase transactions, recognised financial assets and liabilities denominated in currencies other than the functional currency of the group entities to which they relate. The Group considers its foreign currency exposure as mainly arising from the exposure of the Singapore dollar, Malaysian ringgit, Thai baht and Renminbi against the Hong Kong dollar. The Group regularly monitors its exposures to foreign currency transactions and use foreign exchange forward contracts to hedge such exposure occasionally depending on management's risk assessment.

The details of the currencies in which the Group's bank loans are denominated are set out in Note 28 to the financial statements. The Group's bank loans are principally denominated in the functional currency of the relevant group entity. Management does not anticipate any significant foreign exchange risk associated with the Group's borrowings.

The approximate impact to the Group's profit before tax that might be resulted from the reasonable possible changes in the foreign exchange rates against the Hong Kong dollar to which the Group has significant exposure at 31st March 2009 is summarised below. The analysis includes balances between group companies where the balances are denominated in a currency other than the functional currencies of the lending or the borrowing entities.

	2009		2008	
	Increase in foreign exchange rates	Increase in profit before income tax HK\$'000	Increase in foreign exchange rates	Increase in profit before income tax HK\$'000
Singapore dollar	10%	12,719	5%	6,618
Malaysian ringgit	10%	12,146	5%	5,090
Thai baht	10%	2,104	5%	2,696
Renminbi	10%	7,286	5%	5,012

Decrease in the above foreign exchange rates by 10% (2008: 5%) would affect the profit before income tax by the same amount but in the opposite direction.

### 3 FINANCIAL RISK MANAGEMENT *(Continued)*

#### (a) Financial risk factors *(Continued)*

##### *(ii) Interest rate risk*

The Group's income and operating cash flows are substantially independent of changes in market interest rates as the Group has no significant interest-bearing assets. The Group's exposure to changes in interest rates is mainly attributable to its bank loans. Bank loans at variable rates expose the Group to cash flow interest-rate risk. Details of the Group's bank borrowings are disclosed in Note 28(a) to the financial statements.

The Group has not used any interest rate swaps to hedge its exposure to cash flow interest rate risk.

At 31st March 2009, if interest rates on borrowings had been 100 basis points higher/lower with all other variables held constant, profit for the year would have been HK\$4,951,000 (2008: HK\$4,015,000) lower/higher, mainly as a result of higher/lower interest expense on floating rate borrowings.

##### *(iii) Credit risk*

The Group's maximum exposure to credit risk which cause a financial loss to the Group due to failure to perform an obligation by the counterparties is arising from the carrying amount of the respective recognised financial assets (mainly include deposits with banks and debtors and prepayments) as stated in the consolidated balance sheet.

Bank balances are deposited in banks with sound credit ratings to mitigate the risk arising from banks. The Group has no significant concentration of credit risk with any single counterparty or group of counterparties. The Group also has policies in place to assess the credit worthiness of customers to ensure that sales of products are made to wholesale customers with an appropriate credit history. Besides, management of the Group monitors its credit risk on an ongoing basis by reviewing the debtors' aging to minimise its exposure to credit risk.

Sales to retail customers are made in cash or via major credit cards.

Rental deposits are mainly placed with various landlords in countries where the Group operates and are due to refund upon the expiry of the tenancy agreements and handover of the leased premises. During the year, the Group did not experience any defaults by the landlords.

3 FINANCIAL RISK MANAGEMENT (Continued)

(a) Financial risk factors (Continued)

(iv) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities. Due to the dynamic nature of the underlying businesses, management aims to maintain flexibility in funding by keeping committed credit lines available.

The table below analyses the Group's and the Company's financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

3 FINANCIAL RISK MANAGEMENT (Continued)

(b) Capital risk management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Group monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including current and non-current borrowings as shown in the consolidated balance sheet) less bank balances and cash. Total capital is calculated as 'equity', as shown in the consolidated balance sheet, plus net debt.

The gearing ratios at 31st March 2008 and 2009 were as follows:

	2009 HK\$'000	2008 HK\$'000
Total borrowings (Note 28)	523,800	470,392
Less: Bank balances and cash (Note 24)	(117,386)	(166,567)
Net debt	406,414	303,825
Shareholders' funds	789,373	842,750
Gearing ratio	51%	36%

(c) Fair value estimation

The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques such as estimated discounted cash flows. The Group uses a variety of methods and makes assumptions that are based on market conditions existing at each balance sheet date.

The carrying amounts of the Group's financial assets including cash and cash equivalents, deposits in approved financial institutions, debtors and prepayments and financial liabilities including creditors and accruals, short-term borrowings, approximate their fair values due to their short maturities.

The fair value of financial liabilities for disclosure purpose is estimated by discounting the future contractual cost flows at the current market interest rate that available to the Group for similar financial instruments.

### 4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

#### (i) Net realisable value of stocks

Net realisable value of stocks is the estimated selling price in the ordinary course of business, less estimated costs of completion and selling expenses. These estimates are based on the current market condition and the historical experience of manufacturing and selling products of similar nature. It could change significantly as a result of changes in customer taste and competitor actions in response to severe industry cycles. Management will reassess the estimations at the balance sheet date.

#### (ii) Impairment of debtors

The Group's management determines the provision for impairment of debtors receivable. This estimate is based on the credit history of its customers and the current market condition. Management reassesses the provision at each balance sheet date.

#### (iii) Estimated impairment of property, plant and equipment

The Group assesses annually whether property, plant and equipment exhibit any indications of impairment. The recoverable amounts are determined based on value-in-use calculation. The value-in-use calculation involves estimating the future cash inflows and outflows to be derived from continuing use of the asset and applying the appropriate discount rate to those future cash flows. The estimation of future cash flows and selection of discount rate require the use of judgements and estimates. Management believes that any reasonably foreseeable change in any of the above key elements in the value-in-use calculation would not result in material additional impairment charges.

#### (iv) Impairment of intangible assets

The Group tests annually whether goodwill and trademarks have suffered any impairment, in accordance with the accounting policy stated in Note 2(g). The recoverable amounts of cash-generating units have been determined based on value-in-use calculations. These calculations require the use of estimates (Note 20).

#### (v) Deferred income tax

The Group's management determines the amount of deferred tax asset to be recognised by estimating the amount of future profit available to utilise the tax losses in the relevant tax jurisdiction and entity. The estimate is based on the projected profit in respective jurisdiction and entity and the Group uses its judgement to make assumptions that are mainly based on market conditions existing on balance sheet date. It could change as a result of the uncertainties in the market conditions.

### 8 SEGMENT INFORMATION

The Group has determined that business segments be presented as the primary reporting format and geographical segments as the secondary reporting format.

Unallocated items represent net corporate expenses or income. Segment assets consist primarily of property, plant and equipment, investment properties, prepayment of lease premium, intangible assets, stocks, debtors and prepayments and exclude deferred tax assets and bank balances and cash. Segment liabilities consist mainly of creditors and accruals and exclude provision for executive bonus, income tax payable, deferred tax liabilities and corporate borrowings. Capital expenditure comprises additions to property, plant and equipment, investment properties and prepayment of lease premium.

In respect of geographical segment reporting, sales are based on location of its markets and customers. Total assets and capital expenditure are based on where the assets are located. Inter-segment sales are conducted at prices and terms mutually agreed amongst those business segments.

#### (a) Pensions – defined contribution plans

The Group operated a retirement scheme under Occupation Retirement Scheme Ordinance (“ORSO scheme”) up to 30th November 2000 for employees in Hong Kong. With effect from 1st December 2000, a mandatory provident fund (“MPF”) scheme is set up which is available to eligible employees of the Group, including executive directors. Contributions to the MPF scheme by the Group and employees are calculated at rates specified in the rules of the MPF scheme. The assets of the MPF scheme are held separately from those of the Group in an independently administered fund.

For subsidiaries outside Hong Kong, contributions to the local pension scheme are made by the Group and employee, which are calculated at rates specified in the rules of the local pension scheme. The assets of the pension scheme are held separately from those of the Group in an independently administered fund.

**20 INTANGIBLE ASSETS – GROUP** (Continued)

**Impairment test for goodwill**

Goodwill is allocated to the Group's cash-generating units (CGUs) identified according to business segment. The goodwill is attributable to the watch trading operations.

The recoverable amount of a CGU is determined based on value-in-use calculations. These calculations use pre-tax cash flow projections based on financial budgets performed by management covering a five-year period. Management determined the financial budgets based on past performance and its expectations for the market development. Cash flows beyond the five year period are extrapolated using the estimated growth rate stated below.

The key assumptions used for value-in-use calculations are as follows:

1. Growth rate used to extrapolate cash flows beyond the budget period of 0% which does not exceed historical growth rate.
2. Pre-tax discount rate applied to cash flows projections of 5%. The discount rate used is pre-tax and reflects specific risks related to the Group.

During the year ended 31st March 2009, there was no impairment on the CGUs containing goodwill with indefinite useful lives.

**Impairment test for trademarks**

The valuation of the trademarks is determined by estimating the value of royalties which the Group is exempted from by virtue of the fact that it owns the trademarks. A net sales royalty rate is multiplied by the net sales expected to be generated by the trademarks and then capitalised at a discount rate at which the trademarks operates.

During the year ended 31st March 2009, there was no impairment on the trademarks with indefinite useful lives.

Notes:

- (a) The Group engages designated import and export agents for the importation of products from the subsidiaries in Hong Kong to the subsidiaries in the Mainland China. The balances due from and due to the import and export agents are settled on a back-to-back basis, and hence, there are no fixed terms of settlement for such balances. The Group's trade debtors and trade creditors include balances due from and due to the import and export agents of HK\$82,393,000 (2008: HK\$113,672,000).

Other than the balances due from the import and export agents, the Group allows an average credit period of 60 days from the invoice date to its trade debtors.

Included in the Group's trade debtors were debtors with a carrying amount of HK\$11,761,000 (2008: HK\$21,925,000) which were past due but not impaired. The ageing analysis of these trade debtors based on due dates is as follows:

## NOTES TO THE FINANCIAL STATEMENTS

### 23 DEBTORS AND PREPAYMENTS – GROUP (Continued)

(a) (Continued)

Receivables that were past due but not impaired relate to a number of independent customers for whom there is no recent history of default. Based on past experience, management believes that no impairment allowance is necessary in respect of these balances as there has not been a significant change in credit quality and the balances are still considered fully receivable. The Group does not hold any collateral over these balances.

As at 31st March 2009, debtors of HK\$29,313,000 (2008: HK\$30,275,000) aged over 3 years were fully impaired.

(b) Movements on the provision for impairment of trade debtors are as follows:

Exchange differences	<b>(659)</b>	591
At 31st March	<b>29,313</b>	30,275

The creation and release of provision for impaired receivables have been included in 'other operating expenses' in the consolidated income statement. Amounts charged to the allowance account are generally written off when there is no expectation of recovering additional cash.

(c) The balance included amounts due from related companies of HK\$5,359,000 (2008: HK\$5,551,000).

The balances due from related companies as at 31st March 2009 are unsecured, interest free and repayable on demand.

### 1. CORPORATE GOVERNANCE PRACTICES

The Company is committed to maintaining high standards of corporate governance so as to ensure better transparency and protection of shareholders' interest in general. The Board of Directors (the "Board") of the Company is committed to making sure that effective self-regulatory practices exist to protect the interests of the shareholders. These include a Board comprising experienced and high calibre members, board committees, and effective internal audit and sound systems of internal controls.

This Corporate Governance Report ("Report") describes the Company's corporate governance practices with specific reference to the code provisions set out in the Code on Corporate Governance Practices ("The Code") contained in Appendix 14 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules"). During the financial year ended 31st March 2009, the Company complied with the provisions of the Code as set out in Appendix 14 of the Listing Rules, except for the deviations set out in this Report and where there are deviations from the Code, details of such deviations (including considered reasons for such deviations) are set out in this Report.

### 2. DIRECTORS' AND EMPLOYEES' SECURITIES TRANSACTIONS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Companies contained in Appendix 10 of the Listing Rules (the "Model Code") as the code of conduct regarding directors' securities transactions.

The Company has also made specific enquiry of all its directors to ascertain whether they have complied with or whether there has been any non-compliance with the required standard set out in the Model Code.

In addition, the Board has established written guidelines on no less exacting terms than the Model Code for relevant employees of the Company in respect of their dealings in the securities of the Company.

### 3. BOARD OF DIRECTORS

The Board assumes responsibility for leadership and control of the Group (the Company and its subsidiaries) and is collectively responsible for promoting the success of the Group by directing and supervising its affairs. Every director is expected to discharge his duties in good faith and up to the standard of prevailing applicable laws and regulations, acting in the best interests of the Group and the Company's shareholders. The Board currently consists of eight members. Among them, four are executive directors and four are non-executive Directors. Three out of the four non-executive directors are independent.

The post of Chairman and Chief Executive Officer (“CEO”) are separate and are not held by the same individual. The Chairman, Mr. Wong Chong Po, and the CEO, Mr. Joseph C.C. Wong, also Vice Chairman of the Board, are brothers. Both the Chairman and Vice Chairman are responsible for overseeing the function of the Board and formulating overall strategies and policies of the Company. The CEO, supported by other board members and senior management, manages the Group’s businesses, implementing major strategies, making day-to-day decisions and coordinating overall business operations.

The independent non-executive directors are highly experienced professionals with a broad range of expertise and experience including in areas such as accounting, finance and business. They ensure that the Board maintains high standards of financial and other mandatory reporting and provides adequate checks and balance to safeguard the interests of shareholders in general and the Company as a whole.

To assist the directors to discharge their duties, the Board has established written procedures to enable the directors, upon reasonable request, to seek independent professional advice in appropriate circumstances, at the Company’s expense. Directors are encouraged to attend professional development seminars and programmes during the year.

The term of office of the Company’s non-executive directors, including the independent non-executive directors, is for a term of 3 years, subject to retirement by rotation (pursuant to Bye-law 110(A) of the Company’s Bye-laws), whichever is the earlier.

Under Code Provision A.4.2, every director, including those appointed for a specific term, should be subject to retirement by rotation at least once every three years. Not all directors of the Company retire strictly under Code Provision A.4.2 but in accordance with the Company’s Bye-Laws. Bye-Law 110(A) stipulates that one-third of the directors of the Company who have been longest serving in office since their last election, except the Chairman, Vice Chairman or CEO, shall retire from office by rotation at each annual general meeting.

Both the Board and management have clearly defined responsibilities under various internal controls and checks and balance mechanisms. The Board is responsible for establishing the strategic direction of the Group, setting objective and business development plans, monitoring the performance of senior management and assuming responsibility for corporate governance. Management is responsible for implementing these strategies and plans, and regular reports on the Company’s operations are submitted to the Board. All directors have access to management and enquiries, explanations, briefings or informal discussions on the Company’s operations are welcome.

The Board held a total of ten board meetings during the financial year and up to the date of this Report. At these meetings, different issues and matters were discussed and reviewed including, approval of the 2008 final results and the 2009 interim and final results of the Group; reviewing financial and operating performances of the Group; approval of borrowing facilities; approval of new continuing connected transactions and the renewals of continuing connected transactions; and conducting an annual review of the effectiveness of the system of internal control of the Company and its subsidiaries for the purposes of Code Provision C.2.1 and C.2.2. The Executive Director for Finance & Corporate Affairs and the Company Secretary attended all board meetings to report matters arising from corporate governance, risk management, statutory compliance, accounting and finance.

## CORPORATE GOVERNANCE REPORT

Details of the directors' attendance at the board meetings during the year and up to the date of this Report are set out below. All businesses transacted at the board meetings are well-documented and the records are maintained in accordance with applicable laws and regulations.

The Board is supplied with relevant information by senior management pertaining to matters to be brought before the Board for decision as well as reports relating to operational and financial performance of the Group before each regular board meeting. At least 14 day's notice of a regular board meeting is given to all directors to give them the opportunity to attend. Board papers are despatched to the directors generally at least 3 days before the meeting and in any event as soon as practicable, in all instances, ensuring that they have sufficient time to review the papers and be adequately prepared for the meeting.

The proceedings of the Board at its meetings are generally conducted by the Vice-Chairman of the Company who ensures that sufficient time is allocated for discussion and consideration of each item on the agenda and also equal opportunities are being given to directors to speak, express their views and share their concerns.

Under the first part of Code Provision E.1.2, the Chairman of the Board should attend annual general meetings. The Chairman of the Board did not attend the annual general meeting of the Company held on 8th September 2008 as he was not in Hong Kong, but the respective chairmen of the Audit Committee and Remuneration Committee were present.

#### 4. ACCOUNTABILITY AND AUDIT

The Board acknowledges its responsibility for the preparation of the Group's accounts and has delegated this responsibility to the Executive Director for Finance and Corporate Affairs ("Finance Director"). The Finance Director and his team are responsible for preparing interim and annual financial statements based on generally accepted accounting principles in Hong Kong ensuring that the financial statements present a fair and true view of the results and the financial position of the Group and that they comply with the disclosure requirements of the Hong Kong Companies Ordinance, the Listing Rules and other applicable laws and regulations. The Finance Director maintains regular communications with the external auditors. He also plays a role in reviewing and making recommendations to the Board on the Group's financial risk management. The Finance Director is also responsible for overseeing the Group's investor relations activities.

A statement by the Group's external auditor, PricewaterhouseCoopers about their reporting responsibilities on the Group's financial statements are set out in the Independent Auditor's Report on page 25.

The Board is not aware of any material uncertainties relating to events or conditions that may cast significant doubt upon the Company and its subsidiaries ability to continue as a going concern.

#### 5. AUDITORS' REMUNERATION

The Company appointed PricewaterhouseCoopers as the external auditor of the Company at the 2009 Annual General Meeting until the conclusion of the next Annual General Meeting. During the year, HK\$5,854,000 was paid or payable to PricewaterhouseCoopers for the provision of audit services. Details of nature for non-audit related services provided by and the fee paid or payable to PricewaterhouseCoopers are set out as below:

Description	HK\$
Taxation compliance	1,171,000
Advisory and other services	317,000

The Group also engaged other auditors in Hong Kong and overseas for auditing and miscellaneous services and total fees paid amounted to HK\$1,763,000.

#### 6. BOARD COMMITTEES

To assist the Board in the discharge of its duties, the Board is supported by two board committees. Each committee has its defined scope of duties and terms of reference and the committee members are empowered to make decisions on matters within the terms of reference of each committee.

##### (1) Audit Committee

The Audit Committee comprises three independent non-executive directors, namely Mr. Wu Chun Sang (Chairman of the Audit Committee), Prof. Wu Chi Man, Lawrence and Dr. Kwong Yi Hang, Agnes.

The terms of reference of the Committee are aligned with the recommendations set out in "A Guide for Effective Audit Committees" issued by the Hong Kong Institute of Certified Public Accountants and the code provisions set out in the Code. The Committee provides advice and recommendations to the Board and oversees all

matters relating to the external auditors, thus it plays an important role in monitoring and safeguarding the independence of external auditors.

The Committee met four times for the period from 1st April 2008 up to and including 31st July 2009 together with the external auditors in three meetings to discuss matters, including, the review of accounting principles and practices adopted by the Group and other financial reporting matters; to ensure the completeness, accuracy and fairness of the financial statements of the Company; to discuss the effectiveness of the systems of internal control throughout the Group including the adequacy of resources, qualifications and experience of staff of the Company's accounting and financial reporting function, and their training programmes and budget; to review all significant business affairs managed by the executive directors in particular on connected transactions and to review the Group's results for the years ended 31st March 2008 and 2009 before they were presented to the Board of Directors for approval.

Attendance of directors at the Audit Committee Meetings held on:

**15th July 2008**

Mr. Wu Chun Sang  
Professor Wu Chi Man, Lawrence  
Dr. Kwong Yi Hang, Agnes

### (2) Remuneration Committee

Under Code Provision B.1.1, issuers should establish a remuneration committee with specific written terms of reference which deal clearly with its authority and duties. The Company established a remuneration committee on 20th December 2005 and Mr. Wu Chun Sang, Professor Wu Chi Man, Lawrence, Dr. Kwong Yi Hang, Agnes (all independent non-executive directors of the Company) and Mr. Joseph C.C. Wong (Vice Chairman and CEO of the Company) were appointed as committee members. Professor Wu Chi Man, Lawrence is the Chairman of the Remuneration Committee.

Code Provision B.1.3 deals with the terms of reference of the remuneration committee. The Company has adopted the terms of reference under Code Provision B.1.3 except that the terms of reference do not include reviewing and determining the remuneration packages of senior management. The Company believes that the remuneration packages of senior management should be the responsibility of the executive Directors as they are in a better position to appraise the performance of senior management.

Two committee meetings were held during the financial year and up to the date of this Report. At these meetings, the Committee determined annual bonus entitlement and conducted an annual review of the salaries of its executive directors. As salaries for general staff had been frozen, the Committee decided that the basic salaries of the Company's executive directors should be frozen for 12 months effective from 1st July 2009.

Attendance of directors at the Remuneration Committee Meetings held on:

**13th March 2009**

Professor Wu Chi Man, Lawrence  
Mr. Joseph C.C. Wong  
Mr. Wu Chun Sang  
Dr. Kwong Yi Hang, Agnes

**15th July 2009**

Professor Wu Chi Man, Lawrence  
Mr. Joseph C.C. Wong  
Mr. Wu Chun Sang  
Dr. Kwong Yi Hang, Agnes

The above board committees report to the Board of Directors on a regular basis. All businesses transacted at the board committee meetings are recorded and minuted. The Terms of Reference of the two board committees are available on the Company's website.

Although the Company has not set up a nomination committee, policies are in place to ensure that the most appropriate candidates are appointed to the Board.

### 7. INTERNAL CONTROLS

The internal controls and accounting systems of the Group are designed to provide reasonable assurance that assets are safeguarded against unauthorised use or disposition, transactions are executed in accordance with management's authorisation and the accounting records are reliable for preparing financial information used within the business or for publication and reflecting accountability for assets and liabilities.

In order to establish a sound system of internal controls in safeguarding shareholders' interests and the Group's assets, the Company established a Compliance and Internal Controls Department, the key tasks of which include:

- to report to the Board from time to time on the situation/environment of the Group's corporate governance;
- to review cost control and performance efficiency in all operating units;
- to identify the need for improvement in the Group's internal controls area and to propose necessary recommendations to the Board; and
- to carry out internal audit work at operating units.

Under Code Provision C.2.1, the directors should at least annually conduct a review of the effectiveness of the system of internal controls of the issuer and its subsidiaries and report to shareholders that they have done so in their Corporate Governance Report. The review should cover all material controls, including financial, operational and compliance controls and risk management functions.

Under Code Provision C.2.2, the board's annual review should, in particular, consider the adequacy of resources, qualifications and experience of staff of the issuer's accounting and financial reporting function, and their training programmes and budget.

The Board has conducted a review of the effectiveness of the system of internal controls and accounting systems of the Company and its subsidiaries and a board meeting was held on 13th March 2009 for such a review for the period from 14th March 2008 up to and including 13th March 2009. The Board reported that there were no changes in the nature and extent of significant risks and there were no material changes in the control environment during the period under review. According to the opinion of the Board, the Company and its subsidiaries have established sound internal controls systems so that the shareholders' investment and the Company's assets are safeguarded. Moreover, in the opinion of the Board, the Company's accounting and financial reporting function was adequately resourced with staff holding appropriate qualifications and experience and with sufficient training and budget provided by the Company.

This was the third meeting of the Board on internal controls and the first meeting of the Board on the accounting and financial reporting function of the Company and its subsidiaries. The effectiveness of the system of internal controls and the adequacy of resources, qualifications and experience of staff of the Company's accounting and financial reporting function and their training programmes and budget will be reviewed annually.

### 8. INVESTOR RELATIONS

The Company continues to promote and enhance investor relations and communications with its investors. Communications are maintained with analysts and fund managers to keep them abreast of the Company's development.

### 9. COMMUNICATION WITH SHAREHOLDERS

The Company attaches great importance to communication with its shareholders and investors. To foster effective communications, the Company provides extensive information in its annual report, interim report and also disseminates information relating to the Group and its business electronically through its website: [www.irasia.com/listco/hk/stelux](http://www.irasia.com/listco/hk/stelux)

The Company regards the Annual General Meeting ("AGM") as a platform to provide an important opportunity for direct communications between the Board and the Company's shareholders. All directors and senior management will make an effort to attend. External auditors will also attend the AGM. Shareholders are given at least 21 days' notice of the AGM and are encouraged to attend the AGM and other shareholders' meetings. The Company supports the Corporate Governance Code's principle to encourage shareholders participation.

### 10. CODE OF CONDUCT

To enhance the ethical standards of employees, the Company has an employee handbook, setting out the Group's requisite standards and an ethical code of conduct for all employees of the Group. Employees at all levels are expected to conduct themselves in an honest, diligent and responsible manner.

### 11. CONCLUSION

The Company believes that corporate governance principles and practices are particularly relevant in an ever changing world, and continues its ongoing efforts to review its corporate governance practices from time to time so as to meet changing circumstances. The Company will endeavour to strengthen and improve the standard and quality of the Company's corporate governance.

CORPORATE CITIZENSHIP AND SOCIAL RESPONSIBILITIES

At Stelux, we recognize that we are very much a part of the communities which we serve. Through the year, we and our subsidiaries participated in and also partnered several social organizations to support giving in cash and kind to various sections of our communities.

Donations of gifts-in-kind such as glasses, watches, children’s fans and clothes were made to the Hong Chi Children Home by Stelux. Nearly half of Stelux’ office staff members participated in the “Hong Chi Climbathon” in October 2008. Stelux and its employees also raised over HK\$10,000 in the flag-selling activities of Hong Chi Association held in June 2009.

Besides, Stelux and its employees also participated in the “ORBIS Pin Campaign 2008” and the “ORBIS Mid-Autumn Sales” raising a cash donation of over HK\$15,000 to support the work at ORBIS. Optical 88 donated around HK\$285,000 to ORBIS through cash sponsorship and also from the charity sale of mini-screw driver sets at its stores. Stelux’ subsidiary, Thong Sia Watch Company Limited, the Hong Kong distributor for Seiko watches (“Thong Sia”), also participated in the ORBIS raffle ticket sale 2009.

During the year, Stelux also donated over 50 boxes of clothes to the Salvation Army.

We continue to promote and adopt a policy of equal opportunities to eliminate any discrimination in sex, family status and disability in employment and the workplace. City Chain Hong Kong, for example, employs persons with disabilities as watch repairers providing them with technical training.

In February 2009, Stelux was presented with the Caring Company Award for the sixth year running. This year for the first time, City Chain Company Limited and Optical 88 Limited were also presented with Caring Company Awards. The Caring Company Scheme is organized by The Hong Kong Council of Social Service. The goal of the Caring Company Scheme is “to build a caring community spirit through cultivating corporate citizenship and strategic partnership between the business and social service sectors.”

Throughout the year, Thong Sia volunteered as the official timer in various charitable events organized by several sponsors – “The 3rd Hong Kong & Macau O! Day” by The Salvation Army, “Sowers Action Challenging 12 Hours 2008” by Sowers Action, “The 3rd Phoenix Cup Charitable Hiking Championship” by Air Monitor, “Unicef Charity Run” by Unicef, “The 7th Care Action Cup” by Care Action, and “Ngong Ping Charity Walk 2009” by Youth Hostels Association.

#### AWARDS

Thong Sia was presented with the “Trendy Must 2008” by New Monday, the “100 Most Wanted Brands 2008 – Most Wanted by Female Mainland Visitors ” by OSSIMA Publishing Group and the “Touch Brand 2008” by East Touch.
